

CANADIAN LAKEHEAD WIRELESS EXPERIMENTERS

Meeting, September 22nd, 1937

During the preceeding week it was learned that the Camera Club had disbanded. Accordingly the members discussed the advisability off carrying on the club. After much discussion it was moved by Keith Anderson and seconded by Miss E. Cummings and adopted:

"that, in view of the fact the club has to bear all expenses, the Kam Club should be given notice of intention to vacate."

The plans for the xmitter were dropped and the meeting adjourned.
